

## EFCO BATHROOM 500ML

**SKU:** N/A

**Categories:** [Puhastusvahendid](#)

## PRODUCT DESCRIPTION

**The product has been awarded with the EU Ecolabel.**

### APPLICATION:

Excellent for cleaning shower enclosures, sinks and taps, and also ceramic and glazed surfaces. Avoid using on marble and other acid sensitive surfaces.

### PROPERTIES:

Cleaner contains organic acids, which effectively removes any soap residues, water stains and lime scale. The presence of surfactant in cleaner helps to remove greasy dirt, like greasy residues on the walls of shower enclosures. The surfactant is readily biodegradable.

### INSTRUCTIONS:

Turn the spray nozzle to spraying position. Spray some cleaner foam directly on the surface and allow it to work for 1-4 minutes, depending on the level of soiling. Clean the surface by using a sponge or brush and rinse with water. For storage turn the nozzle to OFF.
